

MANSI POKIYA

mansipokiya14@gmail.com | +1 (216) 338 3110 | www.linkedin.com/in/mansi-pokiya-20a404300

PROFILE

Graduate student in Health Data Science with hands-on experience in data analytics, SQL, and Python programming. Adept at data cleaning, exploratory data analysis, and building machine learning models. Proficient in dashboard creation using Power BI and Tableau to communicate data insights. Strong understanding of cloud tools (AWS, GCP) and eager to explore AI for data-driven solutions. Passionate about collaborating in a hybrid work environment to deliver measurable outcomes. Actively seeking a Data Analytics internship to contribute to meaningful business impact through data.

EDUCATION

Saint Louis University, St Louis, MO, USA

Master of Science in Health Data Science

Pursuing

Kadi Sarva Vishwavidyalaya, Gandhinagar, GJ, INDIA

Master of Science in Microbiology

May-2021

Gujarat University, Ahmedabad, GJ, INDIA

Bachelor of Science in Microbiology

May-2019

RELATED EXPERIENCE

Saint Louis University

Lung Cancer Risk Prediction Model Project

- Data preprocessing: Cleaned and organized a large dataset with crucial features such as smoking habits, chronic diseases, and age.
- EDA: Identified significant patterns and correlations between features and lung cancer diagnosis.
- Feature Engineering: Created and selected impactful features to enhance model accuracy.
- Model Development: Implemented multiple algorithms; achieved 96.8% accuracy with a Random Forest classifier.
- Model Evaluation: Assessed using precision (98%), recall, and AUC metrics, demonstrating strong performance in identifying high-risk individuals.

WORK EXPERIENCE

ZYDUS HOSPIRA ONCOLOGY PVT. LTD

Intern

Gujarat, India

January 2021-March-2021

- Analyze raw materials and components, inspect the efficiency of laboratory tools and equipment, and validate data.
- Prepared and documented detailed reports of microbiological test results, identifying any deviations or non-conformance.

ANGIPLAST PRIVATE LIMITED

Gujarat, India

QC MICROBIOLOGIST

January 2022-June-2023

- Performed routine microbiological testing of raw materials, in-process, and finished products. Conducted sterility tests and monitored environmental conditions.
- Analyzed data from microbial tests to identify trends or anomalies in product quality, providing key insights for quality assurance teams
- Prepared monthly reports summarizing findings and participated in internal audits to ensure compliance with Good Manufacturing Practices.

AAVA ALKALINE NATURAL MINERAL WATER

Gujarat, India

QC MICROBIOLOGIST

April-2021-January-2022

- Managed laboratory activities including sample collection, testing results, and inventory control.

- Collaborated with production teams to ensure adherence to safety guidelines and Good Manufacturing Practices.

TECHNICAL SKILLS

- **Languages & Tools:** Python, R, SQL, NoSQL
- **Analytics & ML:** EDA, regression, supervised/unsupervised learning, model evaluation
- **Visualization:** Tableau, Power BI, Matplotlib
- **Cloud Platforms:** AWS, Google Cloud (BigQuery)
- **Data Wrangling:** Pandas, NumPy, Snowflake (familiarity)
- **DevOps & Tools:** Git, JIRA, Agile methods
